Reviewer's report

**Title:** Primary care physician supply and other key determinants of health care utilisation: The case of Switzerland

**Version:** 2  **Date:** 18 September 2007

**Reviewer:** Mark F Harris

**Reviewer’s report:**

General
The revised version is now suitable for publication

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, and I have assessed the statistics in my report.

**Declaration of competing interests:**

I declare that I have no competing interests
