Reviewer's report

**Title**: Re-organisation of oesophago-gastric cancer care in England: progress and remaining challenges

**Version**: 1  **Date**: 27 April 2009

**Reviewer**: Matthew Forshaw

**Reviewer's report**:  
This is a well written interesting article of interest to both clinicians and health service providers involved in restructuring OG cancer care

**Major Compulsory Revisions**: None

**Minor Essential Revisions**: None

**Discretionary Revisions**:  
1. Could the authors expand in the discussion the possible reasons for 11 cancer networks failing to centralise oesophagogastric surgery?

**Level of interest**: An article of outstanding merit and interest in its field

**Quality of written English**: Acceptable

**Statistical review**: No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests**:  
I declare that I have no competing interests
