Reviewer’s report

**Title:** Variability of adenoidectomy/tonsillectomy rates among children of the Veneto Region, Italy

**Version:** 2  **Date:** 19 January 2009

**Reviewer:** Jochen P Windfuhr

**Reviewer’s report:**

I have reviewed the revised manuscript which appears acceptable now. The authors have addressed all suggestions and improved the results presentation of the article considerably.

In the "Results" section, the second sentence should begin with Figure 2 shows... not Figures 2
