Reviewer's report

Title: Appropriateness of acute admission and in-patient stay for patients with long term neurological conditions

Version: 2 Date: 24 December 2008

Reviewer: Jee-In I Hwang

Reviewer's report:

by Jee-In Hwang

The authors have answered well the points raised.

- Major Compulsory Revisions: No
- Minor Essential Revisions: No
- Discretionary Revisions:

I would like to recommend a consistent description in the Results: "frequency, percent" (e.g. n=56, 39%) or "percent, frequency" (80%, n=95).

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
