Reviewer's report

Title: The development of integrated care services in the Netherlands: an empirical study towards a development model.

Version: 1 Date: 30 October 2008

Reviewer: Tit Albreht

Reviewer's report:

Discretionary Revisions
It would be beneficial to readers to make the Discussion section a bit shorter and a bit more condensed as it is now rather lengthy and more complex to read than the rest of the paper.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
