Title: The Relationship between Social Capital in Hospitals and Physician Job Satisfaction

Version: 1 Date: 18 November 2008

Reviewer: Jonas Kairys

Reviewer's report:

In my opinion authors must use the same signs in numbers – the comma as in table 6, but not the point or comma in different numbers. I think that in numbers intercorrelations and p (page 10; 11; all tables) before sign comma must be sign 0 (p < 0.05 but not p < .05; the similar numbers must be in all tables).

In my opinion manuscript is of enough level and must be accept with minor essential revisions.
