Reviewer’s report

Title: What changes poor mothers’ child care-seeking behaviors?: a cross sectional study in Granada, Nicaragua

Version: 3 Date: 8 March 2010

Reviewer: Mirembe Florenc

Reviewer’s report:

1. Is the question posed by the authors well defined?
All the questions and clarifications were appropriately and sufficiently answered

2. Are the methods appropriate and well described?
Yes

3. Are the data sound?
The data is now good

4. Does the manuscript adhere to the relevant standards for reporting and data deposition?
Yes

5. Are the discussion and conclusions well balanced and adequately supported by the data?
The two sections are within the data shown within the paper

6. Are limitations of the work clearly stated?
YES

7. Do the authors clearly acknowledge any work upon which they are building, both published and unpublished?
Yes, they acknowledged all the persons supporting the study but also made references to the previous work cited

8. Do the title and abstract accurately convey what has been found?
Yes, the new topic is now reflecting well the data within the study and the concept being expounded within the study

9. Is the writing acceptable?
The writing is very good. The paper is well edited and I feel the team put in a lot of efforts

Conclusion
I am happy with the paper. I feel the article is important to the country.
