Title: 'The girl with her period is the one to hang her head' Reflections on menstrual management among schoolgirls in rural Kenya

Version: 3 Date: 29 April 2011

Reviewer: Melissa Kang

Reviewer's report:

The revised manuscript is much better, particularly in the way that the methods are described so that it is clear exactly what happened and why. Apart from overall length, which remains long, I feel that the authors addressed all the concerns expressed in the reviewers' reports.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
