**Title:** Utilization of Prevention of Mother to Child Transmission [PMTCT] Services among Pregnant Women in Western Nigeria

**Version:** 1  **Date:** 21 April 2012

**Reviewer:** Kwasi Torpey

**Reviewer's report:**

Very good paper on uptake of PMTCT services in Sangamu in Ogun State. Paper is well written and increases the body of knowledge in PMTCT programming in Nigeria where the gap is so huge.

**General comments**

Authors should include a brief paragraph on overview of HIV in Nigeria in the introduction
