Reviewer's report

Title: Care Seeking Behaviour for Childhood Illness- A Questionnaire Survey in Western Nepal

Version: 3 Date: 4 March 2006

Reviewer: pavitra mohan

Reviewer's report:

General: the paper has substantially improved after the revisions

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
Must submit the conceptual framework as suggested earlier.

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore) None

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
