Reviewer's report

Title: Care Seeking Behaviour for Childhood Illness- A Questionnaire Survey in Western Nepal

Version: 4 Date: 11 May 2006

Reviewer: pavitra mohan

Reviewer's report:

General

-------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
In Table-2, provide mean family income rather than classifying them in categories.

-------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
