Title: Community views about routine HIV testing and antiretroviral treatment in Botswana: signs of progress from a cross sectional study

Version: 8 Date: 7 June 2007

Reviewer: Sheri Weiser

Reviewer's report:

General

--------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

--------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

--------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
