Reviewer's report

Title: Systematic synthesis of community-based rehabilitation (CBR) project evaluation reports for evidence-based policy: A proof-of-concept study

Version: 5  Date: 18 February 2008

Reviewer: Harry Finkenflugel

Reviewer's report:

I really appreciate the way the authors have incorporated my earlier comments and although some discussion remains it is now ready to be published and take the discussion to the academic world.

(One additional comment regarding the references. 11. Finkenflugel, Cornielje and Velema has now been published and the reference is: Disability and Rehabilitation, 2008; 30(5): 348 â## 354.)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
