Reviewer’s report

Title: Use of folate and vitamin supplementation among U.S. adults with depression and anxiety: a cross-sectional, population-based survey

Version: 2 Date: 29 June 2011

Reviewer: MAY BEYDOUN

Reviewer's report:

The authors have addressed all of my concerns. Figures can be made clearer by using a different software (e.g. Stata or powerpoint).

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

None.
