Reviewer's report

Title: Supplemental treatment of rheumatoid arthritis with natural milk antibodies against enteromicrobes and their toxins: results of an open-labeled pilot

Version: 3 Date: 10 December 2010

Reviewer: Douglas L Schmucker

Reviewer's report:

1. The authors have responded to the major compulsory revisions.
2. The authors addressed the minor essential revisions.
3. The authors accommodated the discretionary revisions.

This reviewer has no objections to publication.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I declare that I have no competing interests.
