Reviewer's report

Title: Antioxidant intake among Brazilian adults - The Brazilian Osteoporosis Study (BRAZOS): a cross-sectional study

Version: 3 Date: 1 April 2011

Reviewer: Carlos C Chagas

Reviewer's report:

Minor essential revisions:

1) The authors stated that subjects that take dietary supplements were excluded from the study (page 7, 1st paragraph). However, in the same page (3rd paragraph) the authors wrote "...Food supplement intake was considered and used in the final evaluation...."!

2) The authors did not describe the statistical method used to correct possible confounders.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare no conflict of interest.
