Reviewer’s report

Title: Fermented wheat germ extract - nutritional supplement or anticancer drug?

Version: 1 Date: 11 July 2011

Reviewer: Thomas Szekeres

Reviewer’s report:

Fermented wheat germ extract- nutritional supplement or anticancer drug ? by T. Müller and W. Voigt

The authors describe in this concise review the effects of a wheat germ extract known as Avemar. All available literature is included and the reader of this manuscript can get a good and quick overview on the scientific evidence on this natural food supplement. This critical, but objective manuscript should be published without major changes. It is complete, well written and easy to read.

Minor comment: Abbreviations should be spelled out when first used.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
