Reviewer's report

Title: Weight Science: evaluating the evidence for a paradigm shift

Version: 4 Date: 27 December 2010

Reviewer: Michelle Neyman Neyman Morris

Reviewer's report:

All original criticisms have been adequately addressed. The revised manuscript is excellent and will make a significant contribution to the HAES literature base.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I am currently collaborating with lead author, Linda Bacon on HAES related research and writing projects. Therefore, I may be considered to have non-financial competing interests in relation to this paper.
