Reviewer's report

Title: Validity and reproducibility of folate and vitamin B12 intakes estimated from a self-administered diet history questionnaire in Japanese pregnant women

Version: 1 Date: 18 November 2011

Reviewer: Hiroko Watanabe

Reviewer's report:

The methods are not well organized. Therefore, this conclusion is not supported by the evidence presented.

Level of interest: Reject as not of sufficient priority to merit publishing in this journal

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
