Reviewer's report

Title: The effects of four hypocaloric diets containing different levels of sucrose or high fructose corn syrup on weight loss and related parameters.

Version: 1 Date: 31 January 2012

Reviewer: Victor Fulgoni, III

Reviewer's report:

see attached set of comments -- all my comments are either minor or discretionary and the authors can be left to make changes

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
But, for clarity, I do work as a food/nutrition consultant for numerous companies that sell products containing HFS and/or sucrose
