Reviewer's report

**Title:** Dietary Correlates of an at-risk BMI Among Inuit Adults in the Canadian High Arctic: Cross-Sectional International Polar Year Inuit Health Survey, 2007-2008.

**Version:** 3  **Date:** 4 July 2012

**Reviewer:** Michel Vernay

**Reviewer's report:**

As mentioned in the previous report the authors have answered to all comments. The title of Table 2 needs to be checked, since the mention "Adjusted logistic regression coefficients" is no longer necessary in the title.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
