Reviewer's report

Title: Micronutrient Supplementation and Pregnancy Outcomes: A systematic review

Version: 3 Date: 20 June 2012

Reviewer: adugnaw berhane mekonnen

Reviewer's report:

Topic: Multiple micronutrient supplementation Vs Micronutrient supplementation; use the word multiple micronutrient supplementation through out your manuscript. Avoid words like micronutrient supplementation especially multiple micronutrient.

In your objective: omit the word Gold standard studies/high quality literatures; instead used the words like observational/experimental studies

In Your Methods of searching criteria you use different outcomes of interest like birth weight, low birth weight, small size for gestational age, prenatal mortality and neonatal mortality; since your outcomes of interest are very wide, how could alien this different outcomes?

Define pregnancy outcome?

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
