Reviewer's report

**Title:** Double-blind placebo-controlled food challenges in children with alleged cow's milk allergy: prevention of unnecessary elimination diets and determination of eliciting doses

**Version:** 2 **Date:** 5 January 2013

**Reviewer:** Heli Salmi

**Reviewer's report:**

All the points in my previous report have been addressed adequately. I find the article much clearer to read now and I do not have any further remarks.

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

No conflicting interests.
