Reviewer’s report

Title: Assessing dietary intake among infants and toddlers 0-24 months of age in Baltimore, Maryland, USA

Version: 2 Date: 21 March 2013

Reviewer: Naser Kalantari

Reviewer’s report:

The authors have provided complete responses to my comments (major and minor), and made changes to the manuscript. It is acceptable now.

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

- Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?
  No

- Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?
  No

- Do you hold or are you currently applying for any patents relating to the content of the manuscript? Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?
  No
