Reviewer's report

Title: Sparing effects of selenium and ascorbic acid on vitamin C and E in guinea pig tissues

Version: 2 Date: 14 March 2007

Reviewer: Klaus Eder

Reviewer's report:

General
I recommend to accept this manuscript for publication.

-----------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
