Reviewer's report

**Title:** Vegetarian diets are associated with healthy mood states: a cross-sectional study in Seventh Day Adventist adults

**Version:** 2  **Date:** 23 November 2009

**Reviewer:** Andreas Michalsen

**Reviewer's report:**

I have read the report by Beezhold et al with great interest. It is a sound and very important scientific contribution to the topic of vegetarian diets in nutritional medicine. I couldn't find any mistakes and have no suggestions for correction or modification of the manuscript.
