Reviewer's report

Title: High cocoa polyphenol rich chocolate may reduce the burden of the symptoms in chronic fatigue syndrome

Version: 1 Date: 1 June 2010

Reviewer: Kanwaljit Chopra

Reviewer's report:

Authors must have done few biochemical estimations like inflammatory cytokine levels like TNF-alpha or antioxidant enzyme so as to confirm their results.

Authors should provide various questionair used for evaluation in the material and method section.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
