Reviewer's report

Title: Hispanic Construction Worker Perspectives on Factors Impacting Worksite Safety and Risk: A qualitative investigation

Version: 2 Date: 15 July 2011

Reviewer: nancy menzel

Reviewer's report:

I hope the authors read my full review, which I had attached to my last submission. It praised this interesting report on a vulnerable population. The revisions meet my expectations.

I do not know whether this Journal provides copyediting, but there are still needed commas omitted, as I mentioned previously. For example, two complete sentences jointed by "and" requires a comma before and: "We again revised the interview guide and it was approved by the project steering committee." Many of these omissions occur in the worker quotations.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
