Reviewer’s report

Title: Risk Assessment of PM2.5 to Child Residents in Brazilian Amazon Region with Biofuel Production

Version: 2 Date: 8 August 2012

Reviewer: Jonathan Samet

Reviewer’s report:

The authors have chosen not to address my concerns about the manuscript, particularly the use of the diesel RfC and its relevance to children. At the least, this needs to be carefully covered in the discussion.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
