Reviewer's report

Title: A review of epidemiologic research assessments of United States Gulf War I era veterans

Version: 2 Date: 2 August 2012

Reviewer: Maxine Krengel

Reviewer's report:

Major compulsory revisions-
1. Documentation of how this review is relevant to an environmental health journal
2. Review not only of measures used, but the psychometric properties of the surveys, especially the toxicant exposure variables
3. Review of findings within the neurotoxicant surveys would be more essential than a simple listing of surveys used in prior studies

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

There is no conflict of interest to disclose.
