Reviewer's report

Title: Translocation pathways for inhaled asbestos fibers

Version: 3 Date: 20 November 2007

Reviewer: Yasunosuke.suzuki@mssm.edu Suzuki

Reviewer's report:

General
I have reviewed the revised paper and found it to be satisfactory. No further revision is necessary prior to publishing.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision
