Reviewer’s report

Title: Household vacuum cleaners vs. the high-volume surface sampler for collection of carpet dust samples in epidemiologic studies of children

Version: 2 Date: 14 December 2007

Reviewer: Susan Teitelbaum

Reviewer’s report:

The authors have adequately responded to the comments. Their suggestion of providing a supplementary table is a good one and I would suggest they do so.

What next?: Accept after discretionary revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
