Reviewer's report

Title: A Bleeding Kiss: Intramural haematoma secondary to balloon angioplasty

Version: 1  Date: 30 March 2007

Reviewer: Anca Irina Corciu

Reviewer's report:

General

An interesting, well discussed and well presented case. Please note that, if you wish, the journal allows the "publishing" of the movies in a very nice fashion.

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable
