Reviewer's report

Title: Cancer Therapy and Cardiotoxicity: The need of serial Doppler-echo ultrasound examination

Version: 1 Date: 2 August 2006

Reviewer: Rosa Sicari

Reviewer's report:

General
An interesting, well written, comprehensive review dealing with a growing clinical problem in the routine practice of cardiologists.

On pg.5 lymphoma should read Lymphoma

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
