Reviewer's report

Title: Fusion beat in patients with heart failure treated with Left Ventricular Pacing: may ECG morphology relate to mechanical synchrony? A pilot study

Version: 3 Date: 20 December 2007

Reviewer: Anca Irina Corciu

Reviewer's report:

An interesting and very well written paper about the use of QRS morphology of fusion beats to optimise programming in CRT patients with sinus rhythm, LBBB and single-site LVP.

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
