Reviewer's report

**Title:** An Unusual Case of Left Ventricular Aneurysm in Duchenne Muscular Dystrophy

**Version:** 1  **Date:** 4 November 2010

**Reviewer:** Rosa Sicari

**Reviewer's report:**

This is an interesting and well written case report. There are only minor issues that should address:

1. Please describe the case report before revising literature.
2. Please explain why the patient was treated conservatively. What is the risk of rupture, in this case?
3. Upload images (there is no space limit)

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Declaration of competing interests:**

I declare that I have no competing interests
