Reviewer's report

**Title:** Maternal undernutrition does not alter Sertoli cell numbers or the expression of key developmental markers in the mid-gestation ovine fetal testis

**Version:** 2 **Date:** 19 December 2012

**Reviewer number:** 1

**Reviewer's report:**

In the manuscript “Maternal undernutrition does not alter Sertoli cell numbers or the expression of key developmental markers in the mid-gestation ovine fetal testis”, the authors propose to describe the effect of maternal undernutrition on the development of the fetal testis. All the questions and issues raised by this reviewer were properly addressed by the authors. In my opinion, the manuscript can be accepted for publication in its current form.

**Level of interest:** An article of outstanding merit and interest in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
