Reviewer's report

**Title:** Competency-based education in the health professions: Implications for improving global health

**Version:** 2 **Date:** 21 October 2012

**Reviewer:** Bonnie Miller

**Reviewer's report:**

The authors have responded well to the original reviews. This is an excellent summary article that clearly outlines the differences between competency-based education and traditional approaches. It thoughtfully articulates the potential strengths of CBE in addressing the needs of populations and health care systems.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
