Reviewer's report

Title: Sources of community health worker motivation: A qualitative study in Morogoro Region, Tanzania

Version: 3 Date: 2 September 2013

Reviewer: Karen Daniels

Reviewer's report:

Most of Table 1 was still unpopulated/filled with empty blocks. But I think that, that is a problem connected with uploading. Other than that I think that the authors have responded well to the comments and that the paper is ready to go!

My minor essential revisions below, therefore refers to fixing up the table for publishing.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
