Reviewer's report

Title: A survey of the sociodemographic and educational characteristics of Brazilian oral health technicians (dental hygienists) in public primary health care teams, Minas Gerais

Version: 1 Date: 30 October 2013

Reviewer: Yolanda Flores-Peña

Reviewer's report:

The research question is well defined and is relevant for to study of human resources. The methods are appropriated and well described. The statistical analysis is adequate.

Discretionary Revisions

I considered that only mention that in Brazil, no such studies have been conducted with representative samples is no sufficient for justification of study.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
