Reviewer's report

Title: Socio-cultural and individual determinants for motivation of sexual and reproductive health workers in Papua New Guinea and their implications for male circumcision as an HIV prevention strategy

Version: 2 Date: 24 January 2013

Reviewer: Emily Evens

Reviewer's report:

The authors have very thoroughly addressed all comments and suggestions and added additional material that enriches the contribution of this work. Nicely done.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
