Reviewer's report

Title: Scaling up family medicine training in Gezira, Sudan; A 2 years' in-service master program using modern information and communication technology: an observational study

Version: 1 Date: 1 November 2013

Reviewer: Jan De Maeseneer

Reviewer's report:

This article can be accepted as it is now presented: it follows a clear line, documenting the very relevant content appropriately.

No major compulsory revisions needed.

No minor revisions: relevant information, well presented.

Discretionary revision:
Ref 31. This document has actually been published in "The African Journal for Primary Health Care and Family Medicine", can be quoted accordingly.

Conclusion: very relevant, timely and inspiring report on an important policy-implementation in a LIC in Africa.

Prof. Jan De Maeseneer, MD, PhD
