Reviewer's report

Title: Rural outreach by specialist doctors in Australia: a national cross-sectional study of supply and distribution

Version: 2 Date: 11 August 2014

Reviewer: Raymond Pong

Reviewer's report:

I believe the authors, in their letter explaining what changes they have made, have addressed the concerns I raised in my earlier review and comments.

I am also satisfied with the revised paper, which shows considerable improvement.

Thus, I recommend publication of their paper in HRH.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
