Title: The Impact of Economic and Noneconomic Hospital-Physician Exchange on Customer-Oriented Behavior of Physicians and the Moderating Effects of Professional and Organizational Identification: A Cross-sectional Study.

Version: 2 Date: 16 December 2014

Reviewer: Nicolas Gillet

Reviewer’s report:

I’m still not convinced by the definition of distributive justice on page 4. The rationale for the exclusion of procedural and interactional justice could appear in the paper. Same comment for the short version of the scale of Bettencourt ad Brown.

Page 4: Please cite references after “a limited number of studies have concentrated on the relationship between these two”.

My previous comment was: “The response rate is weak and the sample size is limited” but I did not see any answer to this comment.
