Reviewer's report

Title: Challenges in physician supply planning: the case study of Belgium

Version: 3 Date: 18 June 2010

Reviewer: Lud van der Velden

Reviewer's report:

Minor essential revisions

Although the initial paper had an abstract, it was missing in the first revision and still is missing in the second revision.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
