Title: A scoping review about conference objectives and evaluative practices: How do we get more out of them?

Version: 2 Date: 18 June 2012

Reviewer: LAETITIA LIENART

Reviewer's report:

Overall, I am satisfied with the authors' reply to my previous report and the corrections made. If another study is made on that topic, I would recommend the authors have a look at the International AIDS Society's website (section evaluation) which hosts a series of conference evaluation reports.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
