Reviewer’s report

**Title:** The impact of Global Health Initiatives on trust in health care provision under extreme resource scarcity: presenting an agenda for debate from a case study of emergency obstetric care in Northern Tanzania

**Version:** 7  **Date:** 13 March 2010

**Reviewer:** hilary standing

**Reviewer’s report:**

Reviewer’s report: this article is much improved, has responded to the issues raised in my earlier report, and is suitable for publication. there are some continuing minor problems with English.

I recommend that the author gives the manuscript to a native English speaker to do a final edit and deal with these.

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**
