Title: Consumer input into research: the Australian Cancer Trials website

Version: 1 Date: 4 May 2011

Reviewer: Paul Ward

Reviewer's report:

In my view, this manuscript does not constitute research, and therefore I can not provide feedback on it. It is very laudable to develop a portal for consumers, but a description of its development is not, in my view, worthy of a peer-reviewed paper. There may be other avenues in terms of commentaries or discussion papers which are available in some journals.

Level of interest: Reject as not of sufficient priority to merit publishing in this journal

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
