Reviewer's report

Title: Research on health transition in Africa: time for action

Version: 2 Date: 24 January 2011

Reviewer: Gojka Roglic

Reviewer's report:

The authors have addressed the major and minor issues in a satisfactory manner.

One more comment for minor revision:
Discussion, para 1. I do not agree that Africa is unique in its concomitant burden of comminicable diseases and NCDs, the sentence needs rephrasing.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Declaration of competing interests:

I declare that I have no competing interests.
