Reviewer's report

Title: Type 2 diabetes attributed to lower educational levels in Sweden: A burden of disease study

Version: 2 Date: 2 August 2011

Reviewer: Anton Kunst

Reviewer's report:

The authors have done a good job in taking into account the comment that I have give to the previous version of their paper. I have no comments to the current version of the paper.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests
